

# ORGANIZATIONAL MANAGEMENT (8300) COMPUTER INFORMATION SYSTEMS

BACHELOR OF APPLIED SCIENCE DEGREE  
ONLINE PROGRAM

*This program provides the skills and knowledge necessary to enter the workforce or advance in a mid-management level position. The program will prepare students for careers within the public, private and non-profit sectors. A practical approach with real-world applications of skills and knowledge will be used to gain an understanding of leadership issues involved in the operations of a business organization. This program is designed to layer on top of specified Associate in Science (A.S.) degrees or an Associate in Arts (A.A.) degree.*

The Organizational Management, Bachelor's of Applied Science degree is offered fully online.

For additional information, call (386) 312-4183.
