

MILITARY EDUCATIONAL OPPORTUNITIES

ST. JOHNS RIVER STATE COLLEGE

St. Johns River State College is dedicated to meeting the needs of its military students. Whether you are currently serving in the active military, National Guard, or Reserves, or if you are a former member of any of the Armed Services, the Office of Military Educational Opportunities is here.

To meet the College-wide goal of providing education and training opportunities for military service personnel, their family members, and government employees, SJR State provides:

- **College credit courses** with an emphasis on the general education requirements. College credit courses are offered throughout Clay, Putnam, and St. Johns counties. Additionally, some courses are offered via distance learning and do not require students to come on campus. Courses may be offered for military students during traditional semester terms, in condensed-length terms, or in extended-length terms.
- **Advising, registration, and orientation services**, including placement testing, for military students.
- **Evaluation of military training** and experience by submitting the appropriate American Council on Education (ACE) Registry Transcript (SMART for U.S. Navy and Marine Corps and AARTS for U.S. Army and Army National Guard) and/or an institutional transcript from a military institution (CCAF - Community College of the Air Force, USCGI - United States Coast Guard Institute). Military and government personnel can apply these recommended college credits toward a degree related to their career field or other field of their choice.
- **Non-college credit courses and certificates** for students desiring to upgrade career and occupational skills or seeking personal enrichment.
