

INVITATION FROM THE PRESIDENT

The impact of a quality education on an individual's life cannot be underestimated. An education is essential to moving one's personal goals forward, discovering career opportunities and obtaining a better job. The administrators, faculty and staff of St. Johns River State College know that education prepares our future leaders. We know education can change lives.

Today, SJR State celebrates over 50 years of unparalleled growth and success, and I am honored to lead this College as its fourth president. I am committed to providing the highest standard of education to ensure student success, and I am equally committed to reducing the financial barriers many students face.

To help us not only maintain what we are already achieving, but also have a greater impact in the future, I want to invite you to join a select group of supporters of SJR State — the President's Circle. Your participation in this fellowship indicates a commitment far beyond financial support. President's Circle members agree to invest their ideas, creativity and expertise when called upon for the betterment of the College. Members of the President's Circle share the vision for SJR State to continue its goal in building and improving the learning opportunities and resources for our students.

Your support of St. Johns River State College will help to fulfill the promise of the College's next 50 years and to make a greater difference in the community through our students. I ask you to consider joining the President's Circle as a way of investing in the future.

Sincerely,

Joe H. Pickens, J.D.
