

Addenda #1 to RFP-SJR-04-2021

Q: Do you have a yearly or monthly budget estimate?

A: No.

Q: There is a clause 7.12 which requires a copy of a business license in Florida. Is this a mandatory requirement for submitting a response or once awarded we will require to get one?

A: We absolutely encourage fair and open competition in our RFP process. All proposals are welcome and will be evaluated on the criteria listed. If you do not currently have a business license in Florida, please ensure you note that in your proposal. If our team finds your proposal to be the best for the College, a license will have to be provided before an agreement can be signed.
