

ADDENDA #1 TO ITB-SJR-08-2021  
July 28, 2021

This addenda changes paragraph 5.8. to reduce the number required periodic inspection and maintenance visits from six to four. The entire paragraph is below with the changed sentence highlighted in red.

5.8. Periodic Preventative Maintenance: The equipment identified below in sections 5.8.1. *Periodic Maintenance – Waterside Equipment* shall be addressed as part of every periodic maintenance cycle. The contractor's responsibility for each item includes inspection, assessment, adjustment as needed to maintain equipment in good working order. Justify deficiencies and the steps taken to correct them. **Periodic inspection and maintenance as below shall be performed a minimum of four (4) times a year (in September, December, March, and June).** The December periodic maintenance visit shall coincide with the December annual maintenance visit.
