Contractors Pre-qualification Certificate – New (RFQ-SJR-14-2022)

ADDENDUM No. 2

All items in the Addendum are incorporated into the Contract Documents.

Item #1.

Question #1 On page 14 in the Evaluation Criteria section 14, References and Reference Letters, can you provide more details? How many references should we have for Appendix H? The second bullet states to include references for “your contractor”. Are you looking for subcontractor references or additional references for our firm (other than those who completed Appendix H)? How far back should the references for past projects go?

Answer #1: Section 14 References & Reference Letters - revised to state:

- Submit Form Appendix H to be prepared by the Contractor’s current or past customers or clients. Contractors should include at least five (5) forms; from 2012 through 2022.
- Provide a list of references from 2012 through 2022 (can include as reference letters – not including Form Appendix H) that confirm the Contractor’s quality performance and on-schedule project completion. Contractors should include at least five (5) forms; from 2012 through 2022.
