

CRIMINAL JUSTICE TECHNOLOGY - CORRECTIONS TRACK (0089)

ASSOCIATE IN SCIENCE DEGREE

RECRUIT COURSES AVAILABLE AT THE ST. AUGUSTINE CAMPUS ONLY

This program is designed to prepare persons already in the field for management positions in criminal justice. College semester credit hours will be awarded for completion of the Florida Criminal Justice Standards and Training Commission (CJSTC) basic recruit program begun and completed after July 1, 1993 and for passing the state exam as listed below:

Corrections Basic Recruit Training Program - 6 Credit Hours

Persons who met CJSTC certification requirements before July 1, 1993 may still be granted college credit on an individual basis. Students who are not already certified corrections or law enforcement officers should be advised that the basic recruit segment of the Associate in Science degree in Criminal Justice Technology has selective admission criteria over and above what is required for academic program admission by the College.

The general education and degree-specific courses associated with this Associate in Science degree program are offered fully online. However, the Corrections Basic Recruit Training program is offered only on the St. Augustine campus.

Recruit courses can be found on pages 153 and 162.
