DIAGNOSTIC MEDICAL SONOGRAPHY TECHNOLOGY (2135/2136)

ASSOCIATE IN SCIENCE DEGREE

This program is designed to prepare students for employment as diagnostic medical sonographers. The content includes but is not limited to anatomy, physiology, and pathology of the abdominal, pelvic, and urogenital structures; physics; instrumentation; equipment standards; biological effect of ultrasound, patient care; clinical medicine; applications and limitations of ultrasound; related diagnostic procedures; image evaluation; administration; first aid and cardiopulmonary resuscitation; employability skills; leadership and human relations skills; health and safety.

For additional information, visit our website at SJRstate.edu/alliedhealth or call (904) 808-7465.

PROGRAM MISSION STATEMENT

The mission of the Diagnostic Medical Sonography Technology program is designed to provide an education which encompasses all the skills necessary for employment as entry level diagnostic medical sonographers.

PROGRAM GOAL

The goal of the Diagnostic Medical Sonography Technology program at St. Johns River State College is to prepare competent entry-level sonographers in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains in the abdominal sonography – extended and vascular sonography.

The Diagnostic Medical Sonography Technology core courses (four semesters without prerequisites) will be offered on the Orange Park campus with clinical experiences throughout the tri-county service area of SJR State and beyond. A student must earn a grade of “C” or higher in all courses.

Note: Students who are only taking prerequisites for admission into the program and who are not pursuing other degree programs are not considered regular, admitted students and are therefore not eligible for either federal or state forms of financial aid.

ADMISSION REQUIREMENTS

The Diagnostic Medical Sonography Technology program is a limited-access program that begins in August of each year. To apply for admission to the Diagnostic Medical Sonography Technology program, a student must have completed all of the following prior to the program application deadline:

1. Application process to SJR State.
2. Application to SJR State Diagnostic Medical Sonography Technology program by the advertised deadline. Applicants may apply April 1 – June 30 each year for fall enrollment.
3. Achieved satisfactory scores on college placement tests or have completed required college preparatory courses.
4. Successful completion (C minimum) of the following general education and Diagnostic Medical Sonography Technology related courses prior to the program application deadline.

GENERAL EDUCATION COURSES:

+ ENC	1101	Composition I.....	3
+*	—	General Education Core Humanities	3
*	—	General Education Core Mathematics	3
+ PHY	1020	Introduction to Physics.....	3
Choose one of the following Social Science courses:			
AMH	2010	United States History to 1877	3
		OR	
AMH	2020	United States History Since 1877	3
		OR	
POS	1041	United States Federal Government.....	3

DIAGNOSTIC MEDICAL SONOGRAPHY TECHNOLOGY RELATED COURSES:

^ BSC	2085	Human Anatomy and Physiology I.....	3
BSC	2085L	Laboratory for Human Anatomy and Physiology I	1
+^ BSC	2086	Human Anatomy and Physiology II.....	3
BSC	2086L	Laboratory for Human Anatomy and Physiology II	1
HSC	1531	Medical Terminology.....	3

* Refer to A.S. degree general education core requirements on page 80.

+ Qualifying placement score or prerequisite course may be required. See course descriptions in catalog.

^ Corequisite lab required. See course descriptions in catalog.

ASSOCIATE IN SCIENCE DEGREE

STUDENT SELECTION

The student selection process is based on the following point system: (MAXIMUM POSSIBLE POINTS 150)

- 104 POSSIBLE POINTS AWARDED** – Points tabulated from the prerequisite and other general education courses identified in the degree requirements will contribute to the total points assigned to this category. A total of 26 semester hours of credit are available for point consideration. The method of point calculation for this category is based on the following formula:
(A = 4 points, B = 3 points, C = 2 points; Letter grade value X credits = points assigned).
Calculation example: student achieves a letter grade (B) in ENC 1101 X (3 credits) = 9 points
- 15 POINTS AWARDED** – Residence in Clay, Putnam, or St. Johns counties, Florida.
- 15 POSSIBLE POINTS AWARDED** – 5 points will be awarded if applicant has an A.A./A.S. degree; 10 points will be awarded if applicant has a B.A./B.S. degree; 15 points will be awarded if applicant has a M.A./M.S. degree.
- 16 POSSIBLE POINTS AWARDED** – 2 points will be awarded for each prerequisite course in general education (Maximum 10 points) and other required prerequisite courses (Maximum 6 points). Note: Lab courses are not included in this point total.
- 6 POSSIBLE POINTS AWARDED** – Completion of HSC 1004 with a grade of “C” or higher. Points will be awarded according to the following scale: A = 6, B = 4, C = 2.

In case two or more students are tied in points for the last available position, admission will be awarded to the student with the earliest date and time the application was received from the applicants with the tied score.

FOLLOWING ACCEPTANCE INTO THE PROGRAM APPLICANTS MUST:

- Have a physical examination verifying acceptable health status for the program. Requirements for the physical are included on the form provided to each student admitted into the Diagnostic Medical Sonography Technology program.
- All students are asked to sign a consent and waiver for SJR State to perform a criminal background check and receive drug screen results. Failure to provide this consent will render the applicant ineligible for admission to the program. Admission to the program is conditional upon the results of the criminal background check and drug screen results. Additional random and scheduled drug screening may be required at any time during the program.
- Attend the Diagnostic Medical Sonography Technology program orientation on the specified date.

+ Qualifying placement score or prerequisite course may be required. See course descriptions in catalog.

♦ Must meet FDOE statewide articulation requirements and show proof of current EMT or paramedic licensure

Note: Students articulating into the associate degree in EMS will not have credits applied for EMT/Paramedic state licensure until 18 credits (25%) of institution credit has been earned.

EMERGENCY MEDICAL TECHNICIAN (4085)

COLLEGE CREDIT CERTIFICATE

This is an instructional program that prepares students for employment as emergency medical technicians to function at the basic pre-hospital emergency medical technician level and treat various medical/trauma conditions using appropriate equipment and materials. The program prepares students for certification as EMTs in accordance with Chapter 64J of the Florida Administrative Code. This is the initial level for a career in emergency medical services and the primary prerequisite for paramedic training and certification.

For additional information, visit our website at SJRstate.edu/alliedhealth or call (904) 808-7465.

ADMISSION REQUIREMENTS

The Emergency Medical Technician (EMT) program is a limited access program. To apply for admission to the EMT program, a student must have completed all of the following prior to the program application deadline:

1. Application process to SJR State;
2. Application to EMT program;
Applicants may apply:
April 1 - June 15 for fall enrollment
August 1 - October 15 for spring enrollment
3. Must have an official high school diploma or GED; or dual enrollment EMT students must be 18 years of age and have met high school graduation requirements to be eligible for the certification exam.

STUDENT SELECTION

To be considered for admission, the student should be cleared by Admissions/Records indicating that all external college transcripts and high school diplomas have been received and the student has a complete admission file.

POST-ADMISSION REQUIREMENTS

Following acceptance into the program, EMT students must complete/attend the following requirements. Failure to comply with these requirements may result in administrative withdrawal from the EMT program.

1. All students are asked to sign a consent and waiver to perform a criminal and professional background check and drug screen. Failure to provide consent will render the application ineligible for admission to the program. Admission to the program is conditional upon the results of the criminal and professional background check and drug screen. Additional random and scheduled drug screening may be required at any time during the program.
2. Attend a EMT student orientation on the specified date.
3. Have an annual physical examination verifying acceptable health status and completing all the requirements for the EMT program. Requirements for the physical are included on the form provided to each student after admission to the EMT program.

PROGRAM SPECIFIC COURSES:

EMS 1119	Emergency Medical Technician.....	6
EMS 1119L	Emergency Medical Technician Lab.....	3
EMS 1431	EMT Hospital/Field Experience.....	3

REQUIRED TOTAL CREDIT HOURS

12

A student must earn a grade of "C" or better in all courses required in the program.

HEALTH INFORMATION TECHNOLOGY (0350/0351)

ASSOCIATE IN SCIENCE DEGREE

The Registered Health Information Technician (RHIT) Associate in Science program emphasizes skills in health data collection, quality, monitoring, and adhering to legal and regulatory standards.

These technicians serve as medical coders, clinical data specialists, data quality managers, and information security officers. They hold supervisor, manager, and director positions in health care settings across the continuum of the health care industry.

Courses include design and implementation of systems for the collection of complete and accurate health records on each patient and the processing, storage, retrieval, security and release of health information and statistics in a timely manner for appropriate uses.

Students are instructed in regulatory compliance, performance improvement, quality assurance, utilization review, risk management, and departmental management.

The program consists of 70 semester hours of general education and health information technology core courses.

The HIT program is accredited through the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). Students are eligible to sit for the national certification credentialing exam to become Registered Health Information Technicians (RHIT) after completion of the program or during their last semester with approval from the director for early testing. The RHIT exam is a national certification offered through the American Health Information Management Association (AHIMA).

For additional information, visit our website at SJRstate.edu/alliedhealth or call (904) 808-7465.

PROGRAM MISSION STATEMENT

The mission of the Health Information Technology program at St. Johns River State College is to provide an excellent educational experience, produce graduates with the skills to acquire entry-level health information management positions as Registered Health Information Technicians, and contribute to a stronger healthcare community by providing credentialed professionals to serve in the industry.

The Health Information Technology courses are offered via distance education (online). Students are required to participate in a 64 hour internship at a healthcare facility during their final semester in the program. The internship must be approved by the Health Information Technology Director and coordinated by the student. A student must earn a grade of "C" or above in all courses required in the program. **The program is a full-time program and students must follow the Health Information Technology program rotation.**

Applicants may apply:

April 1 - June 15 for fall enrollment

ADMISSION REQUIREMENTS

The Health Information Technology program is a limited access program.

To apply for admission to the Health Information Technology program, a student must have completed all of the following:

1. Application to SJR State;
2. Application to the Health Information Technology program;
3. Achieved satisfactory scores on college placement tests for reading and writing scoring equivalent to placement in ENC 1101 or completion of ENC1101;
4. Achieved satisfactory scores on college placement tests scoring equivalent to placement in MAC 1147 or completion of General Education Core Mathematics*.

* Refer to A.S. degree general education core requirements on page 80.

ADMISSION REQUIREMENTS (POST DEGREE WITH LICENSURE/CERTIFICATION)

To apply for admission to the Health Information Technology (post degree) a student must have completed all of the following:

1. Application to SJR State;
2. Application to the Health Information Technology (post degree);
3. Provide an official transcript with an earned degree and one of the following licensure/certifications: CCS, CCA, CCS-P, RHIT, RHIA;
4. New applicants will be considered after all current Health Information Technology seats are filled.

Applicants are considered on a space available basis. Priority will be given based on the date admission requirements have been completed.

HEALTH INFORMATION TECHNOLOGY (0350/0351) CONTINUED

ASSOCIATE IN SCIENCE DEGREE

PROGRAMS OF STUDY ■ ALLIED HEALTH

POST ADMISSION REQUIREMENTS

Following acceptance into the Health Information Technology program, students must complete/attend the following:

1. All students are required to sign a consent and waiver to perform a criminal and professional background check and drug screen. Failure to provide consent will render the applicant ineligible for admission to the program. Admission to the program is conditional upon the results of the criminal and professional background check and drug screen. Additional random and scheduled drug screening may be required at any time during the program.
2. Have a physical examination verifying that the student is free of communicable diseases; exam must include TB screening; however, Hepatitis B vaccination and Flu shot are optional
3. All students are required to sign a confidentiality statement which is kept on file in the Health Information Technology department.
4. Attend a Health Information Technology student orientation on the specified date

Note: Failure to comply with these requirements may result in administrative withdrawal from the Health Information Technology program.

MEDICAL ASSISTING (0212)

CAREER CERTIFICATE

The Medical Assisting program is designed to prepare competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains. Students gain the knowledge and skills to qualify for entry-level positions in a variety of health care settings.

For additional information, visit our website at SJRstate.edu/alliedhealth or call (904) 808-7465.

PROGRAM MISSION STATEMENT

The mission of the Medical Assisting program at St. Johns River State College is to provide an educational experience which will allow individuals the opportunity to obtain the knowledge, skills and attitudes necessary to function as a Medical Assistant.

END OF PROGRAM STUDENT LEARNING OUTCOMES

1. Graduates will be competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains.
2. Graduates will perform within the legal and ethical boundaries of the Medical Assistant's scope of practice.
3. Graduates will integrate and value the needs of the individual patient, within his/her family, culture, society and health circumstances.
4. Graduates will display professionalism and cultural sensitivity while interacting and communicating with providers, staff and patients.
5. Graduates will participate as team players within the various settings of health care delivery.

The program consists of 1300 hours of medical assisting courses. Medical Assisting students are required to fulfill all the hours of the program.

Applicants may apply:
April 1-June 15 for fall enrollment

The Medical Assisting core courses will be offered on the Palatka (offsite) and Orange Park campuses on a rotating basis. Practicum experiences will be selected within and around the tri-county service areas of SJR State. Students may not receive any remuneration for practicum hours. A student must earn a grade of "C" or better in all medical assisting courses.

ADMISSION REQUIREMENTS

The Medical Assisting program is a limited access program.

To apply to the Medical Assisting program, a student must have completed all of the following prior to the program application deadline:

1. Application process to SJR State;
2. Submit official high school transcripts or equivalent (GED);
3. Application to the Medical Assisting program;
4. Applicants must have an overall high school or college grade point average of 2.0 or better.

STUDENT SELECTION

To be considered for admission, the student should be cleared by Admissions/Records indicating that all external college transcripts and high school diplomas have been received and the student has a complete admission file.

POST-ADMISSION REQUIREMENTS

1. Complete the TABE placement test unless you meet the criteria for exemption or have completed College Composition (ENC 1101) and Intermediate Algebra (MAT 1033) with a grade of "C" or better. Students who are not exempt will have to complete the TABE test within the first six weeks of class.
2. Applicants must meet the TABE placement test score for language, reading, mathematic ability at the 10th grade level or better prior to program completions. Applicants who do not meet the 10th grade TABE placement test score for language, reading, mathematic ability at the 10th grade level are required to participate in mandatory remediation.
3. All students are asked to sign a consent and waiver to perform a criminal background check and drug screen. Failure to provide a consent will render the applicant ineligible for admission to the program. Admission to the program is conditional upon the results of the criminal and professional background check and drug screen. Additional random and scheduled drug screening may be required at any time during the program.
4. Attend medical assisting student orientation on the specified day.
5. Have an annual physical examination verifying acceptable health status and completing all requirements for the medical assisting program. Requirements for the physical are included on the form provided to each student after admission to the medical assisting program.
6. Have liability/malpractice insurance of \$1,000,000 per incident and \$3,000,000 per aggregate. (Payment included with lab fees during the registration).

REQUIRED TOTAL CREDIT HOURS **34**

+ Qualifying placement score or prerequisite course may be required. See course descriptions in catalog.

PARAMEDIC (3085)

COLLEGE CREDIT CERTIFICATE

The entry level Paramedic program prepares students for careers in the Emergency Medical Services field. This is also the intermediate step to obtain an Associate in Science degree in Emergency Medical Services. This program prepares students for certification as a paramedic and complies with the national EMS Educational Standards - Paramedic Instructional Guidelines. The limited access program consists of three consecutive semesters consisting of didactic, lab, clinical and field experiences. Students will be trained in advanced skills required for emergency pre-hospital care. In addition to performing EMT Skills, they will be trained in IV fluids, medications, advanced life support, airway management, burns, trauma, and adult and pediatric medical emergencies. Graduates are qualified to work as advanced care providers on ambulances, hospital emergency rooms, intensive care units and transport teams.

For additional information, visit our website at SJRstate.edu/alliedhealth or call (904) 808-7465.

PROGRAM MISSION STATEMENT

The mission of the St. Johns River State College Paramedic program is to prepare competent entry-level paramedics in the cognitive (knowledge), psychomotor (skills) and affective (behavior) learning domains with or without exit points at the Advanced Emergency Medical Technician and/or Emergency Technician, and/or Emergency Medical Responder levels.

ADMISSION REQUIREMENTS

The Paramedic program is a limited access program. To apply for admission to the Paramedic program, a student must have completed the following:

1. Application process to St. Johns River State College;
2. Application to Paramedic program;
Applicants may apply:
April 1 - June 15 for fall enrollment
3. Must be 18 years of age;
4. Must have a high school diploma or GED;
5. Must have a minimum overall high school or college GPA of 2.0 (which includes transfer work);
6. Must have completed MAT 1033 and ENC 1101 or be eligible to enroll in the courses based on placement exams. Priority selection will be given to individuals who have completed the coursework and based on the highest GPA of MAT 1033 and ENC 1101;
7. Must be a Florida-certified Emergency Medical Technician or provide proof of successful completion of a Florida Emergency Technician program. Priority selection will be given to current Florida-certified Emergency Medical Technicians.

STUDENT SELECTION

To be considered for admission, the student is to be cleared by Admissions/Records indicating that all external college transcripts and high school diplomas have been received and that the student has a cleared admission file.

POST- ADMISSION REQUIREMENTS

Following acceptance into the program, Paramedic students must complete/attend the following requirements. Failure to comply with these requirements may result in administrative withdrawal from the Paramedic program.

1. All students are asked to sign a consent and waiver to perform a criminal and professional background check and drug screen. Failure to provide consent will render the applicant ineligible for admission to the program. Admission to the program is conditional upon the results of the criminal and professional background check and drug screen. Additional random and scheduled drug screening may be required at any time during the program.
2. Attend a Paramedic student orientation on the specified date.
3. Have an annual physical examination verifying acceptable health status and completing all the requirements for the Paramedic program. Requirements for the physical are included on the form provided to each student after admission to the Paramedic program.
4. Have liability/malpractice insurance of \$1,000,000 per incident and \$3,000,000 per aggregate. (Payment included with lab fees during registration).
5. Student must obtain Florida EMT certification before the start of the second semester in the Paramedic program.
6. Attend an interview with the Paramedic program director prior to the start of classes.

REQUIRED TOTAL CREDIT HOURS **42**

+ Qualifying placement score or prerequisite course may be required. See course descriptions in catalog.

A student must earn a grade of "C" or above in all courses required in the program.

Note: Any person having been arrested or convicted of any offense other than a minor traffic violation should refer to the Florida Statutes, Chapter 64J, regarding emergency medical services licensure. For further information, contact the Department of Health, Division of Medical Quality Assurance, Florida Bureau of Emergency Medical Services, EMT-Paramedic Certification, 4052 Bald Cypress Way, BIN C-85, Tallahassee, FL 32399-3285.

Accreditation

The St. Johns River State College Paramedic Program is accredited by the Commission on Accreditation of Allied Health Education Programs (caahep.org) upon the recommendation of the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

To contact CAAHEP:

Commission on Accreditation of Allied Health Education Programs

RADIOLOGIC TECHNOLOGY (2155/2156)

ASSOCIATE IN SCIENCE DEGREE

The Associate in Science degree in Radiologic Technology prepares students for careers as radiologic technologists. Graduates will be eligible to apply for the national certification examination in radiography administered by the American Registry of Radiologic Technologists. ARRT certification is recognized throughout the country. Some states also require state licensure. Successful completion of the ARRT examination allows students to become licensed by the State of Florida to practice radiography in the state. Florida state licensure does not require additional testing or education. The radiography curriculum is intended to provide qualified students with the educational experiences and practical skills required to function competently in the field of radiologic technology as an entry-level radiologic technologist.

The program core courses are delivered over a 20-month period covering 5 consecutive college terms. The overall curriculum includes general education courses, program-related courses, radiologic technology core courses, and practical experience gained at regional hospitals, imaging centers, and clinics.

All clinical education courses will be scheduled at various clinical sites located in the tri-county service area or adjacent counties. Students must earn a minimum "C" grade in each of the required courses to continue the program.

For additional information, visit our website at SJRstate.edu/alliedhealth or call (904) 808-7465.

PROGRAM MISSION STATEMENT

The Radiography curriculum is intended to provide qualified students with the educational experiences and practical skills required to function competently in the field of Radiologic Technology as an entry-level radiographer. In addition, the program will be conducted in a manner which will motivate students to become patient advocates in their field and to perform their duties with consideration, empathy, and respect toward all patients in all circumstances.

Note that students who are only taking prerequisites for admission into the program and who are not pursuing other degree programs are not considered regular, admitted students and are therefore not eligible for either federal or state forms of financial aid.

Applicants may apply:
April 1 - May 15 for fall enrollment

ADMISSION REQUIREMENTS

The Radiologic Technology program begins in August of each year.

To apply for admission to the Radiologic Technology program, a student must have completed all of the following prior to the program application deadline in May of each year:

1. Application process to SJR State;
2. Achieve satisfactory scores on college placement tests or have completed required college preparatory courses;
3. Application to SJR State Radiologic Technology program;
4. Successful completion (C minimum) of the following general education and Radiologic Technology related courses prior to the program application deadline:

GENERAL EDUCATION COURSES:

+	ENC	1101	Composition I.....	3
+*	_____	_____	General Education Core Humanities	3

STUDENT SELECTION

The student selection process is based on the following point system: (MAXIMUM POSSIBLE POINTS 176)

1. **104 POSSIBLE POINTS** – Points tabulated from the prerequisite courses identified in the admission requirements will contribute to the total points assigned to this category. A total of 26 semester hours of credit are available for point consideration. The method of point calculation for this category is based on the following formula:
 (Letter grade value X credit hours = points assigned)
 Calculation example: student achieves a letter grade (B) in BSC 2805 (3 credits) = 9 points and a letter grade (A) in BSC 2085L (1 credit) = 4 points for a total of 13 points
 A=4 points B=3 points C=2 points
2. **15 POINTS AWARDED** – Points awarded for proof of residence in Clay, Putnam, or St. Johns counties, Florida. Residency is not a requirement.
3. **20 POINTS AWARDED** – Current licensure as a State of Florida basic X-ray machine operator.
4. **15 POSSIBLE POINTS AWARDED** – 5 points will be awarded if applicant has an A.A./A.S. degree; 10 points will be awarded if applicant has a BA/BS degree; 15 points will be awarded if applicant has a MA/MS degree.
5. **16 POSSIBLE POINTS AWARDED** – 2 points will be awarded for each prerequisite course taken at St. Johns River State College (excluding lab courses).
6. **6 POSSIBLE POINTS AWARDED** – 6 points will be awarded for an “A”, 4 points for a “B”, 2 points for a “C” in HSC 1004 Professions of Caring (not required but recommended).

In case two or more students are tied in points for the last available position, admission will be awarded to the student with the earliest date and time the application was received from the applicants with the tied score.

FOLLOWING ACCEPTANCE INTO THE PROGRAM APPLICANTS MUST:

1. Successfully complete a Basic Life Support Health Care Provider (BLS) course accredited by the American Heart Association valid through expected graduation date. A course will be given at the St. Augustine campus during Summer term.
2. Have a physical examination verifying acceptable health status for the program. Requirements for the physical are included on the form provided to each student admitted into the radiologic technology program.
3. Attend the radiologic technology program and clinical site orientations and clinical shadowing requirements on the specified dates. These are scheduled during the summer term.
4. All students are asked to sign a consent and waiver for SJR State to perform a criminal background check and receive drug screen results. Failure to provide this consent will render the applicant ineligible for admission to the program. Admission to the program is conditional upon the results of the criminal background check and drug screen results. Additional random and scheduled drug screening may be required at any time during the program.

Note: An individual who has been involved in a criminal proceeding or who has been charged with, or convicted of, a crime should file a pre-application with the American Registry of Radiologic Technologists (ARRT) in order to obtain a ruling on the impact of the situation on their eligibility for certification and registration. Go to arrt.org for more information.

RESPIRATORY CARE (2125/2126)

ASSOCIATE IN SCIENCE DEGREE

The two-year Associate in Science degree in Respiratory Care prepares students for a career as a respiratory care professional. Upon successful completion of the 20 month curriculum, the student will be eligible to apply to take the national certification exams for Certified Respiratory Therapist (CRT) and Registered Respiratory Therapist (RRT), both administered by the National Board of Respiratory Care.

For additional information, visit our website at SJRstate.edu/alliedhealth or call (904) 808-7465.

PROGRAM MISSION STATEMENT

The mission of the Respiratory Care program at St. Johns River State College is to provide an educational experience which will allow individuals the opportunity to obtain the knowledge, skills, and attitudes necessary to function at the entry levels of Respiratory Care.

PROGRAM GOAL

To prepare graduates with demonstrated competence in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains of respiratory care practice as performed by Registered Respiratory Therapists (RRTs).

The purpose of the program is to provide students with the knowledge, attitude, and skills required to help meet the growing demands for respiratory therapists in the health care industry. Students will be trained in the skills needed to work in areas such as pediatric care, nursing homes and hospitals. Asthma, bronchitis, emphysema, lung cancer and pneumonia are some of the conditions that require the care of a respiratory therapist.

The program consists of 76 semester hours of general education and Respiratory Care core courses.

Note that students who are only taking prerequisites for admission into the program and who are not pursuing other degree programs are not considered regular, admitted students and are therefore not eligible for either federal or state forms of financial aid.

Applicants may apply:
August 1 - October 15 for spring enrollment

The Respiratory Care core courses will be offered on the St. Augustine campus with selected clinical experiences in health care facilities within and around the tri-county service area of SJR State. A student must earn a grade of "C" or above in all courses required in the program.

ADMISSION REQUIREMENTS

The Respiratory Care program is a limited access program.

To apply for admission to the Respiratory Care program, a student must have completed all of the following:

1. Application process to SJR State;
2. Application to respiratory care program by the advertised deadline;
3. Achieved satisfactory scores on college placement tests or have completed all college preparatory courses;
4. Schedule and attend an interview with the Respiratory Care faculty;
5. Complete the following general education and Respiratory Care related courses prior to the program application deadline:

GENERAL EDUCATION COURSES:

+	ENC	1101	Composition I.....	3
+	*	_____	General Education Core Humanities	3
*	_____	_____	General Education Core Mathematics	3
^	BSC	2085	Human Anatomy and Physiology I.....	3
	BSC	2085L	Laboratory for Human Anatomy and Physiology I	1

Choose one of the following Social Science courses:

* Refer to A.S. degree general education core requirements on page 80.

+ Qualifying placement score or prerequisite course may be required. See course descriptions in catalog.

^ Corequisite lab required. See course descriptions in catalog.

STUDENT SELECTION

Student selection is objective and based on the following point system (MAXIMUM POSSIBLE POINTS 160):

- 108 POSSIBLE POINTS AWARDED** - Points tabulated from the prerequisite and other general education courses identified in the degree requirements will contribute to the total points assigned to this category. A total of 27 semester hours of credit are available for point consideration. The method of point calculation for this category is based on the following formula: (Letter grade value X credits = points assigned) Calculation example: student achieves a letter grade (B) in ENC 1101
 X (3 credits) = 9 points A=4 points B=3 points C=2 points
- 15 POINTS AWARDED** - Residence in Clay, Putnam, or St. Johns counties, Florida
- 15 POSSIBLE POINTS AWARDED** - 5 points will be awarded if applicant has an A.A./A.S. degree; 10 points will be awarded if applicant has a BA/BS degree; 15 points will be awarded if applicant has a MA/MS degree.
- 16 POSSIBLE POINTS AWARDED** - 2 points will be awarded for each prerequisite course (Maximum 10 points) and other required general education courses (Maximum 6 points) taken at St. Johns River State College. Note: lab courses are not included in this point total.
- 6 POSSIBLE POINTS AWARDED** - Completion of HSC 1004 with a grade of "C" or better. Points will be awarded according to the following scale: A=6, B=4, C=2

POST ADMISSION REQUIREMENTS:

Following acceptance into the Respiratory Care program students must complete/attend the following. Failure to comply with these requirements may result in administrative withdrawal from the respiratory care program.

- All students are asked to sign a consent and waiver form for SJR State to perform a criminal background check and drug screen. Failure to provide this consent will render the applicant ineligible for admission to the program. Admission to the program is conditional upon the results of the criminal background check and drug screen. Additional random and scheduled drug screening may be required at any time during the program.
- Have a physical examination verifying acceptable health status and completing all of the requirements for the respiratory care program. The medical requirements for the physical exam are documented on the form provided to each student after admission to the respiratory care program.
- Attend respiratory care orientation on the specified date.
- Schedule and attend an interview with program faculty and/or director.
