Student's Acknowledgement and Signature: By signing below, I acknowledge that if this appeal is approved, I can only receive financial aid for courses within my current SJR State degree program. If approved under the Student Improvement Plan or Program Completion Plan requirement, my appeal may be extended until I meet the satisfactory academic progress standards or complete my current SJR State degree program, but only if I successfully complete 100% of courses each term and maintain the minimum cumulative GPA. If denied, I may petition again after attending a semester at my own expense, provided I successfully complete 100% of the courses I take during the semester. NOTE: Summer A and B terms are treated as one semester for financial aid purposes. Failure to meet the requirement may cause termination of aid.

If you are currently enrolled and are filing an appeal for the upcoming semester, the appeal can be turned into the Financial Aid Office before the end of the current semester; however, the appeal cannot be sent to the Committee for review until ***after grades are posted*** for the current semester. If you are registered for the upcoming semester, you will need to make other payment arrangements to prevent your registration from being voided for non-payment.

Registrations cannot be held pending the outcome of your appeal.

ALL APPEALS SUBMITTED INCOMPLETE WILL AUTOMATICALLY BE DENIED
